Group Insurance ●

GI

View all contributions and details, automate the premiums based on the changes.

Nethris helps you manage your group insurance options.

Modify and view coverage

Refer to allocation groups, premiums, deductions, and details of premiums to be paid. Easily make changes in your employee files. Optimize your time!

Automate the calculation of premiums

Automate all group insurance calculations. Save time by eliminating manual modifications and calculation errors.

Quickly answer all questions

Quickly access your employee files and view their group insurance coverage. Add the complete details of their coverage to their pay slips.

Features

Automatic calculation of premiums

Automate all group insurance plan calculations. Save time and money by eliminating manual modifications!

Policy details

View all your policy information (coverage, allocation groups, etc.) in a single location. This way, you can easily answer your employees' questions.

Coverage changes

Change your employees' coverage through a screen page in their employee file. Our system then automates the premiums based on these changes.

Pay slips

Display your employees' coverage information on their pay slips. This option enables them to verify that their coverage reflects their situation.
