

Deductions to recover ●

DR

Automate your deduction recovery process and eliminate manual calculations. Avoid calculation errors.

Nethris helps you manage pending deductions.

Schedule deductions recovery

Automate deduction recovery and retrieve them at your convenience.

Facilitate tax slip preparation

Know which deductions to recover and be aware of during the preparation of your tax slips. Be proactive!

Configure deductions

Perform follow-ups by generating a report of non-taken deductions per employee, including year-to-date.

Features

This solution allows you to manage non-taken deductions such as: contributions to pension plan, contributions to group insurance, contributions to social clubs, etc. This solution will allow you to:

- Automate the accumulation of deductions that were not taken during an employee's absence;
- Configure how these amounts are recovered for each concerned employee;
- Schedule deductions within a set timeframe;
- Schedule deductions according to a set amount;
- Configure more than one automatic deduction recovery;
- Enter a calculation start date;
- Easily access deduction information through detailed, user-friendly screens;
- Perform follow-ups by generating a report of non-taken deductions per employee, including year-to-date;
- Facilitate tax slips preparation.

This solution comes free of charge with the
Group Insurance solution. Find out more!
